

EASTERN SIERRA REGIONAL AIRPORT

INFO FOR SOARING PILOTS

Welcome to *Eastern Sierra Regional Airport* the home of world-class soaring. The following information is provided to make your visit more enjoyable.

760-872-2971 or 760-937-4017

GROUND

1. Please do not park vehicles or trailers in the glider tie-down area. Only assembled gliders may be parked in the cable area to the north of the Mammoth Hanger.
2. Gliders may be assembled in the glider tie-down area and then tied down to the cable.
3. The dirt area along the cable to the north of Taxiway "B" has been designated as glider trailer parking. **This is the only designated trailer parking. The area to the east of the Mammoth Hanger is not to be used.**
4. Vehicles may be parked in the large general parking lot to the west of the main terminal building. Please do not park in the **2 HOUR PARKING** area; this area is reserved for airport and café short-term parking.
5. Vehicles may also be parked on the west side of the Mammoth Hanger. Please do not park south of the swamp cooler as this area is reserved for tenants of the Mammoth Hanger.
6. Please keep the taxiway to the south of the mammoth hanger clear; the **Air Ambulance** uses this taxiway at all hours.
7. Most glider staging takes place at midfield of Runway 12-30; please do not position your glider on the runway until your tow plane is ready to move into position. If you choose to stage at the end of a runway please keep your ground vehicle use to a minimum and keep them off the runway. Be aware of the movement of powered aircraft and their need to take off and land.
8. When staging for take off, please monitor our CTAF (123.0).
9. There is no camping on the field. Questions, please contact the Airport Manager.
10. The fee for glider tie-downs is **\$6.00/Day, \$25.00/Week, or \$45.00/Month**. Please pay at the main terminal building prior to your departure. Please fill out a registration form at the start of your visit.

AIR

1. All traffic at Eastern Sierra Regional Airport is **Left Hand**. If at all possible please make left hand traffic.
2. Please land on a runway, not a taxiway.
3. Please use your radio to announce your intentions, our frequency is **123.0**

Feel free to contact the Airport Manager or any of our Technicians.
